THE Augusta (Ga.) Cotton Factory has declared a quarterly dividend of five per cent. This shows how productive such establishments can be made in the South with proper management. The South should be dotted all over with manufacturing establishments of every kind, and especially should our cotton be manufactured near where it is produced.

THE SIGRO INSURRECTION IN GEORGIA.

The Savannah papers of the 5th inst, bring intelligence that seventeen of the leaders of the negro insurrection on the Ogeochee river. near that city, had surrendered to the military, by whom they were turned over to the civil authorities and committed to jail upon charge of robbery, assault with intent to murder, rescue of prisoners and resisting the Sheriff while in the discharge of his official duty, and insurrection and rebellion against the lawful authorities of the State of Georgia. It is stated by the Sa vannah News that over thirteen hundred warrants have been issued for the arrest of parties concerned in insurrectionary and lawless demonstrations on the Ogeechee plan tations. In addition to the seventeen who sarrendered and have been committed to jail, there are one hundred aed thirty-four others against whom the same charge that these persons will be arrested by the military and turned over civil authorities for trial. The News has some reflec tions upon this insurrection and lawless demonstration of the negroes, which are eminently just and proper. That paper says, touching the arrest and trial of the guilty

"While this matter is in progress we shall refrain from saying anything, more than to reiterate our conviction that the whole disturbance is chargeable, not so much to the disorderly character of the negroes as to the bad influence exerted upon them by Radical emissaries in our midst.
